The setting of policy and negotiation of traffic rights is undertaken by the DCAA in cooperation with the GCAA. Before granting an operating permit for scheduled flights, the DCAA ensures that the services are undertaken in accordance with the traffic rights and conditions provided under the air service arrangements, which the UAE and the Emirate of Dubai has agreed with the state where the airline is registered. In the case of non-scheduled (charter) flights, the DCAA will consider the application on case-by-case basis, at its discretion.
